

GLOBAL MARCH FOR ELEPHANTS & RHINOS ATX MISSION

A partner with the international grass roots movement demanding an end to the trade in ivory and rhino horn driving elephants and rhinos to the brink of extinction, **The Global March for Elephants & Rhinos ATX** is a local 501(c)(3) non-profit organization which raises awareness of threats to wildlife and funds to support top conservation charities working on the front lines to save, protect and secure a future for endangered species:

- Raise awareness of threats facing species around the world.
- Raise funds to support top wildlife conservation organizations working on the front lines to save, protect and secure a future for endangered species.
- Influence CITES, governments, lawmakers, representatives and Ambassadors to enact laws to end the ivory and rhino horn trade permanently and implement policies that protect endangered wildlife around the world to end species extinction.
- Provide education and tools to the Public to take action: petitions, events, social media campaigns, educational outreach programs, products.
- Organize, direct the local March to make impact globally
